

## LITTLE VOLCANOES SCIENCE CLUB SONG

LYRICS: by LITTLE VOLCANOES

TUNE: I'M a LITTLE TEA POT

We are clever scientists, strong and big!

We will do experiments every week.

Let's explore the world around, let's stir and mix!

We will learn how things are made,

And how they can be fixed!

We are little volcanoes. We like to explode!

The world is beautiful. It's worth to explore!
